## *About The Book*

After the long dull period of Romanticism poetry, this book will again try to bring back the beauty of Romantic poems. Inside the book "Fifty Shades of Love" you will get access to more than seventy Poems which will touch your heart and reflect on you. Poems may take you to the days when you were in love or make you imagine a world where love is the only language. All these romantic poems will surely give you inspiration, creativity and feelings. You can take one poem and reflect upon it. You could also use a poem and gift it to a loved one to show your gratitude or just say thank you in a unique way.

The book celebrates Love in different shades as Love doesn't come in one color or one shade but in different shades. Poems written in the book will come in very handy especially when you need to be inspired to find your own words of saying "I Love You" in a very special, personal and unique way. If you dedicate a special Love Poem for someone special, he or she will never forget the moment.

If you show your gratitude, he or she will love you for your creative thoughts and your special attention to him and her. Look for the Love Poem like "Science of Love" which talks about Love and gives analogy of gravity. Some of the Poems also compare Love with insanity or even make you believe Love is like an addiction that you can't break. Poem called "My Nights Are Brighter Than Days" really takes Love to a new height, where there's nothing you can leave behind in

your state of mind. Love is like gravity, always pulling you quite dramatically close to the lover by feelings.

Poem like “A Yellow Rose” gives feeling that love is unconditional and all it needs to have a good moment with someone special which gives beautiful memories as a reasons to remain alive. Poem named “African Pride” which talks about the shade of love where we should not discriminate love on the basis of skin colors. All the poems similar to “Fashionable Flowers” and Ray and Night” describe the real eternal beauty of nature and personified its essence which touches our core of heart. Poems like “Fifty Shades of Love”, “Feels like teen years” and “My Heart Beats only on your name” are poems which can eventually bring you back to your golden memories. As we believe anyone who reads the poems by heart will definitely not remain the same as poet of this book always says Don’t be the Lover, Be the Love.

## *A Yellow Rose*

*It's has been long time  
since you gave me a Yellow Rose  
Even it got dried up but its beauty forced me to compose*

*The poem is all about its beauty  
and eternity and message of love  
It's true that everything changes and time flies  
like wings of dove*

*But feeling given by a moment of love is  
better than a thousand lives  
And smell of a yellow rose is more than a  
thousand of Heaven's Gardens*

*All who suffers in the world are not the lovers  
But all the lovers of the world have to be sufferers*

*There is always some insanity in love  
But there is always some reason in insanity*

*Time makes us change and separate hearts from divinity  
As the glamour of material world seems  
to be better than eternity*
